Representative of Mysterious Order  
Is Said to Be in Rich-  
mond.

WAS ORIGINATED IN ATLANTA

Stands for Protection of Home,  
Womanhood, True Patriotism and  
Its Principle Is One Hundred Per  
Cent Americanism.

Confirming reports which have been current several days, definite announcement was yesterday that plans are now being made for organization of a branch of the "Knights of the Ku Klux Klan" in Richmond. The announcement came from Atlanta, where headquarters of the organization is located.

Several prominent citizens are said to be interested in the movement, and it is understood that a representative of the organization is here to assist in the organization work.

The "Knights of the Ku Klux Klan," which is said to be patterned after the order that swept from the South the carpetbagger and the scalawag in the days of reconstruction, was formed in Atlanta in 1915. Last year it was reported that an organization had been formed in Richmond, but the report was never verified.

The idea of perpetuating the principles upon which the old Ku Klux Klan was founded originated in the mind of Colonel William J. Simmons, professor of Southern history at Lanier University in Atlanta.

On October 25, 1915, Colonel Simmons met with thirty-four of his friends and, after a long discussion, they signed a petition for a charter. On Thanksgiving night, 1915, the organizers assembled on top of Stone Mountain, near Atlanta, and there, at midnight, under a blazing fiery cross, they took the oath of allegiance to the Invisible Empire, Knights of the Ku Klux Klan.

Since the Klan and among its organizers three members of the original Ku Klux Klan, the new organization was granted in its charter all the legal rights and privileges granted the original Klan.

The charter was issued by the State of Georgia December 4, 1915, and a special charter was granted by the Superior Court of Fulton County July 1, 1916.

While conditions today are not the same as they were when the original Klan was organized, Colonel Simmons holds that the need for an organization of this character is just as pressing now as it ever was.

"Its purpose is to inculcate the sacred principles and noble ideals of chivalry, the development of character, the protection of the home and the chastity of womanhood, the exaltation of the white race, the preservation of American ideals and the maintenance of white supremacy," says a statement sent The Times-Dispatch by Colonel Simmons.

Only native-born white American citizens who believe in the tenets of the Christian religion and who are of allegiance to any degree or nature to any foreign government, political organization, people or persons are eligible for membership.

No man, it is declared, is wanted in the order who has not enough courage to assume a real oath with serious purpose to keep the same inviolate. No man is wanted in the order who will not or who cannot

When I feel myself getting tired, out of nervous and with no reserve strength to draw upon, I turn to Nuxated Iron for relief and would gladly recommend it to any one. It is surprising how many women who are weak, tired-out and nervous suffer from iron deficiency and do not know it. If you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained.

## FIRST SERVICE IN GRACE COVENANT CHURCH TODAY

Sunday School Section of New  
Presbyterian Edifice on Monument  
Avenue Ready for Use.

Grace - Covenant Presbyterian Church will hold its first service in its new Sunday school building, on Monument Avenue, near Lee Circle, this morning at 11 o'clock. The congregation has been worshipping in Brinton Junior High School for the past eighteen months.

During this time over 100 additions have been made to the membership. The church conducted an "every member" canvass during the spring, in which \$53,500 was pledged for the work at home and abroad for the coming year.

This new building into which the church has moved is said to be one of the most complete Sunday school buildings in the South. The basement floor has spacious dining-rooms and kitchens. The first floor, a church parlor, chapel, primary and beginning department. The second floor has the main assembly room of the Sunday school, the junior and intermediate departments, library and pastor's study. The third floor is divided into large classrooms and rooms for the young people's organization.

It is planned to make the church useful for seven days a week by making it serve as a center which will foster the mental, physical, social and spiritual well-being of the church membership, and where a cordial welcome will always await strangers and visitors.

Adjoining the building is a lot reserved for the erection of the main church auditorium, which will conform in design to the building, just finished and will seat about 1,600. This will be erected when building conditions are more favorable.
